Cols Column.

I had intended this week to bring you some more on the subject of early communications. However, the report on our RTTY contest results is much more important, so here it is, from Jim VK2BQS. Jim has sent me the new contest rules, which reflect the changes made regarding certificates for Continents and 5 World placings. One last thing, I will put a copy of the new rules on to the Packet system after the cast this Sunday, watch out for that. All contestants in this years contest will receive a copy in the mail. cheers for now De Col VK2CTD.

REPORT ON ANARTS WW DX RTTY CONTEST 1996.

Certificates for COUNTRY/MULTIPLIER Placegetters will be advised in the final Official Results which will be distributed to all contestants and will include comprehensive point scores as is our usual practice.

It will be noted that an additional area of Awards have been created for this year to recognise placings in Continents and also to extend the 'World' placings to five. This action was taken in reponse to a suggestion received from Ron, AB5KD, and it is hoped our contestants agree that it is a worthwhile change.

There is still much work to be done before the Full Results are published and the various Awards distributed, so please be patient.

Notes of Interest:
The KYFC Department:
Peter, ON6TT/5X1T reports that the Heard Island Dxpedition team will land on Crozet for about one day, and on Kerguelen for perhaps two days. He promises to make RTTY ome of his priorities.

Arie, 4X6UO, who closely observes the goimgs on at the ITU in Geneva, says he is confident that amateur radio in Palestine and Gaza strip+Jericho will be legalized, with a new ITU designated prefix, at the beginning of 1997. Arie reminds us that ZC6 is not a currently recognized prefix for this area.
